## COMPUTER CLOSURE REPORT

### NARRATIVE

#### Source of Activity:

On 12-19-2024 at approximately 1512 hours I was dispatched to 2900 Standiford Ave, CVS, to investigate the report of two separate thefts that occurred within minutes of each other. I arrived on scene at approximately 1523 hours.

#### Observations:

Upon arrival, I spoke with Manager Dominique PIMENTEL, who told me the following in summary. Two heavysset, possibly Samoan, subjects entered the store. They both had tattoos on their faces. One suspect selected two large boxes of diapers, passed all points of payment, and exited the store without paying. The second filled a red shopping bag with unknown miscellaneous baby care merchandise, passed all points of payment, and exited the store. Both suspects got into a white two-door hatchback car and left the area.

According to Store Manager Darlene COSTA, the suspect who walked out with the diapers had selected boxes of Huggies worth approximately \$35.79 each. PIMENTEL confirmed several other baby care products had been stolen from the aisle. She advised she would create an itemized list of the stolen merchandise. An Axon citizen's link was sent to PIMENTEL to upload the itemized list, when it is available. PIMENTEL submitted an itemized list of the stolen merchandise, totaling \$526.09. Due to the quality of the uploaded photograph, I was unable to read it. I advised PIMENTEL I would pick up the list tomorrow.

PIMENTEL showed me surveillance video of the suspects. The video showed two medium-colored skin subjects, one male wearing a gray sweatshirt and gray pants and one male or female wearing a black sweatshirt, red sweatpants, and white shoes. They entered the store at 1501 hours with nothing in their hands. Both subjects walked out of video frame, eastbound in the store. The subjects came back into video frame at approximately 1506 hours. The subject with the gray sweatshirt then had a red shopping bag with unknown merchandise inside and the subject in the black sweatshirt was carrying one Huggies diapers box under each arm. Both subjects exit the store without paying and walk toward a white car parked in the parking lot. The suspects were last seen driving northbound in the parking lot, toward Standiford Ave.

COSTA would like to press charges if the suspects are located and identified.

Photographs of the suspects were taken and uploaded to Evidence.com. Using my department issued email address, I sent an email containing the suspect's photographs to MPD Field Personnel, in an attempt to identify them. At the time of this report, I have received no responses.

#### Evidence:

Photographs of the suspect, from surveillance video, were taken and uploaded to Evidence.com.

An Axon Citizen's Link was sent to PIMENTEL, to upload an itemized list of the items stolen.

PVRS.
